Davide Palchetti

Full Stack Engineer @ BINGO INDUSTRIES | AI, GraphQL, AWS
Australia

Summary

Bingo Industries leverages over three years of my expertise as a Full Stack Engineer to advance innovative solutions in artificial intelligence and serverless technologies. With a strong focus on Apollo GraphQL and AWS Lambda, the team collaborates to deliver scalable, efficient, and future-ready digital systems.

Prior experience at HRM Group and Florence Consulting Group honed skills in integration and full-stack development, enabling contributions to complex ecosystems. Dedicated to optimizing workflows and empowering organizations with cutting-edge tools, the mission remains to build impactful, user-centric applications.
